Dear Valued TEIN Customers,

Thank you for your continuous support to us, TEIN, and to our products.

We regret to inform you that there will be some pricing changes, effective January 1, 2026. We have been making our utmost effort to maintain the current prices, by cutting down on various costs and expenses, despite continuous rise in material costs; however, further increase in material and transportation costs, combined with currency volatility worldwide, have forced us to reconsider pricing structure. Prices will be revised as per below.

RX1 with EDFC5	+ JPY3,000 per set
EDFC GPS Kit	+ JPY3,000 per kit
EDFC Piston Rod Top Extension	+ JPY5,000 per set
EDFC Cables	+ JPY600 per pc
Replacement Service	+ JPY4,500 per pc
Dampachi & Dampatty Stickers	+ JPY100 per sheet
