

September 2026

Dear Valued TEIN Distributors/Dealers,

Thank you for your continuous support to us, TEIN, and to our products.

Much to our regret, we have to inform you that there will be pricing changes, effective October 1, 2026. We have been making our utmost effort to maintain the current prices, by cutting down on various costs and expenses; however, continuous increase in material and transportation costs, combined with currency volatility worldwide, have forced us to reconsider pricing structure.

Prices will be revised as per below. Current prices apply to orders received on or before September 30, 2026 (Japan Time).

Item	Change in MSRP, excl. tax (in Japanese Yen)
FLEX Z	+ JPY4,500 per set
RX1 RX1 with EDFC5)	+ JPY5,000 per set
HIGH.TECH	+ JPY2,000 per set
S.TECH S.TECH K-SPECIAL	+ JPY1,000 per set
RUST PROOF	+ JPY400 per can

We thank you for your understanding and sincerely hope to be of service to you for many more years to come.

Sincerely Yours,

TEIN, INC.
